Lorem ipsum

### Better Value

Cutting edge video-wall performance at a more accessible price point than other MicroLED only competitors making more room for dealer profit

### Customer Service & Warranty

DreamWall is family-owned and operated with a responsive, dedicated on-site support team — backed by an industry-leading 5-year warranty to protect your investment.

### Ultra Bright & Clear

Designed for both home and commercial environments — stunning visuals boasting up to a 30000:1 contrast ratio

### High Refresh Rate

Refresh rate of 3840Hz provides ultra-smooth motion, ideal for live feeds, sports, animation, and fast-moving content.

### Energy Smart

Experience flawless visuals with our ultra-high refresh rate that eliminates screen drag, blur, and lag resulting in an exceptionally smooth and silky image.

### Advanced COB Technology

Advanced Chip On Board technology makes tighter pixel spacing of 1.25mm to 0.9mm, providing enhanced image clarity, superior durability, and reliable performance.

### Easy to Clean & Maintain

Anti-delicate surfaces, sealed seams, and front-service modular tiles make DreamWall easy to clean with a soft cloth

### Faster Installation & Scalability

Plug-and-play design installs in as little as 2 people in 2 hours. Its modular system eliminates complex wiring, ensures precise seam alignment, and makes expansion effortless.

### Flexible & Entertainment Ready

Enjoy multi-input content capability, limitless options, giant sizes, and layouts, built in support for devices like Nintendo Switch & Google TV

# DreamWall LED TV - Wall Mounted - 0.9 COB

Model No.	DWI-0.9COB-108-E	DWI-0.9COB-136-E	DWI-0.9COB-162-E	DWI-0.9COB-216-E
Screen Size (inches)	108"	136"	162"	216"
Pixel Pitch (mm)	0.9 COB			
Screen Size (WxH)	2400x1350mm	3000x1687mm	3600x2025mm	4800x2700mm
	7.87x4.43ft	9.85x5.54ft	11.81x6.73ft	15.75x8.74ft
Screen Resolution (WxH) (Pixel)	2560x1440	3200x1800	3840x2160	5120x2880
Diode Type	COB			
Cabinet Size (WxH)	600x337.5mm / 1.97x1.11ft			
Module Dimension (WxH)	150x168.75mm / 5.9x6.64in			
Brightness (nits)	800			
Controller	External			
Best Viewing Distance	2.7m / 9ft	3.4m / 11ft	4m / 13ft	5.2m / 17ft
Viewing Angle (°)	Horizontal 160, Vertical 140			
Cabinet Material	Diecast Aluminum			
Cabinet Weight	3.8kg / 8lb			
Cabinet Quantity (Pcs)	16	25	36	64
Waterproof Level	IP67 Front, IP41 Rear			
Installation Method	Front			
Refresh Rate (Hz)	3840-7860			
Frame Rate (Hz)	60			
Color Temperature	3200-9500K			
Bit Depth	16 bit			
Color Gamut	DCIP3 98%			
Gray Level	14-22bit			
Contrast Ratio	30000:1			
HDR Compatability	HDR10			
Max Power Consumption (Watts)	800	1250	1800	3200
Operating Temperature	-30°C - 80°C / -22°F - 176°F			
Operating Humidity	10%-95%RH			
Input Voltage	120-240V 50/60Hz			
Life Time (Hours)	100000			
Certificates	UL / ETL / CE / RoHS			
IP Rating (Front/Rear)	IP65 IP40			
Warranty	5 years
